### **L-3 ElectroDynamics Announces Distribution Agreement With Flame Enterprises**

CINCINNATI, November 28, 2016 – L-3 ElectroDynamics, Inc. (L-3 EDI), a leading provider of high-reliability commercial and military status and elapsed time indicators, announced today that it has signed a distribution agreement with Flame Enterprises, Inc., one of the largest stocking distributors of electromechanical items for military and aerospace customers. Under the terms of the agreement, Flame will be the largest authorized distributor for U.S. markets, as well as Canada, Hong Kong, Japan, Singapore and Taiwan.

“With an outstanding reputation for high standards of service, Flame has a global distribution network that allows fast and easy access to our products, including supporting customers with small orders,” said Mark Peterson, Vice President of Operations for L-3 EDI. “This agreement allows L-3 to leverage Flame’s long-standing relationships and infrastructure within the electromechanical components industry. With four offices across the U.S., Flame will provide us with coast-to-coast coverage, reduce customer lead times and also enable customers to establish agreements directly with them for L-3 EDI products.”

L-3 ElectroDynamics (L-3 EDI) designs and manufactures a wide range of high-reliability commercial and military specification electromechanical, electromagnetic, and solid-state status and elapsed time indicators. In addition, L-3 EDI provides custom products and solutions that meet or exceed the requirements of the U.S. and international military and aerospace markets from its company-owned manufacturing facility in Cincinnati, Ohio. To learn more about L-3 ElectroDynamics, Inc., please visit the company’s website at [www.L-3com.com/EDI](http://www.L-3com.com/EDI).

Headquartered in New York City, L-3 employs approximately 38,000 people worldwide and is a leading provider of a broad range of communication and electronic systems and products used on military and commercial platforms. L-3 is also a prime contractor in aerospace systems. The company reported 2015 sales of \$10.5 billion.
